III. ANALYSIS:

Requirements for Concurrence with the Solid Waste Facilities Permit Pursuant to Public Resources Code, Section 44009, the Board has 60 calendar days to concur in or object to the issuance of a Solid Waste Facility Permit. Since the proposed permit for this facility was received on _____, the last day the Board may act is _____.

The LEA/EA submitted the following items to the CIWMB:

- Documentation, if applicable, of the applicant's compliance with any RWQCB enforcement order or the status of the applicants WDRs, as described in PRC section 44009, and
- Any written public comments received on a pending application
- A permit review report which has been prepared pursuant to CCR section 21675, within the last five years. (ATTACHMENT 8)
- LEA/EA Certification - A certification from the LEA/EA that the permit package is complete and correct, including a statement that the RFI meets the requirements of PRC section 21600. (ATTACHMENT 6)

- LEA/EA CEQA Finding - A finding that the proposed permit is consistent with and is supported by existing CEQA analysis, or information regarding the progress toward CEQA compliance. (ATTACHMANT 7)
- The accepted application package

Staff have reviewed the proposed permit and the above documentation and have found that the permit package has met the requirements of California Code of Regulations, Titles 27 and/or 14 and is acceptable for the Board's consideration of concurrence. The following table summarizes Board staff's analysis:
